## Information about Copyrighted Content

Some instruments administered as part of this study may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

### NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

## ICPSR PROCESSING NOTES FOR #29941

### *Data Sharing in the Social Sciences, 2009 [United States] Public Use Data*

1. **String Variables:** To limit possible disclosure risk, ICPSR staff masked all string variables in the public-use data. This includes:

ACTIVITY  
IRG  
ICD\_ORG  
VAR14\_DYN  
VAR15\_DYN  
VAR16\_DYN  
VAR18\_DYN  
VAR63  
VAR78\_DYN  
VAR80\_DYN  
VAR88

2. **Indirect Identifiers:** To limit possible disclosure risk, ICPSR staff categorized, masked, or recoded the following numeric variables in the public-use data:

<b><u>Variable Name:</u></b>	<b><u>Confidentiality Adjustment:</u></b>
YEAR	Categorized
DURATION	Categorized
INSTITUTE	Masked
LOC_PROJ	Masked
LOC_DATA	Masked
PI_TITLE_1	Masked
PI_TITLE_2	Masked
AMOUNT_AWARDED	Masked
VAR4_DYN_CODED	Categorized
VAR53_DYN_CODED	Categorized
VAR66_CODED	Masked
VAR78	Masked
VAR80	Masked
VAR83_1	Masked
VAR83_2	Masked
VAR83_3	Masked
VAR83_4	Masked
VAR83_5	Masked
VAR83_6	Masked
VAR83_7	Masked
VAR84	Recoded values of 1, 2, 3, and 6 into 7 'Other'
VAR86_CODED	Masked
VAR87_CODED	Masked

3. **Computed Variables:** To facilitate analyses, ICPSR created the following variables, which are derived versions of original variables that ICPSR masked due to confidentiality concerns:

CARNEGIE\_CLASS  
AGEATAWARD  
WHITE  
SHARING\_STATUS  
FACSTATUS  
DISCIPLINE  
SOCSCI  
REGION

4. **Sequential Record Identifier:** ICPSR created the **CASEID** “CASE IDENTIFIER CREATED BY ICPSR” variable, which is a unique identifier.
5. **Codebook:** This PDF Codebook includes both the original codebook that was created by the principal investigators and an ICPSR-created codebook. The original codebook created by the principal investigators contains variable name, variable label, and value label information as well as information about computed/derived variables. The ICPSR codebook provides information on the structure, contents, and layout of the dataset.

### **Online Survey**

The online survey was administered through QuestionPro.com, an online survey provider. The survey was fielded 5/28/2009 to 4,883 individuals, with a follow-up invitation distributed 6/17/2009. 'Bounced' e-mails from the initial wave (1,632) were reviewed and, where possible (965), contacted 7/9/2009 via a new e-mail address; a follow-up e-mail was distributed 7/23/2009. Responses were accepted until August 31, 2009.

*{Data Sharing Experience Specific to Grant}*

#### **var4**

Did you collect any primary data for the grant?

- 1 Yes
- 2 No

#### **var4\_DYN\_coded**

[If var4=Yes] In what year did you complete data collection?

- 999 Don't know/not sure
- 9999 Ongoing
- 999999 Long time ago/number of years ago

#### **var7**

In the time since the data from the grant were collected, approximately how many requests have you received from others to use your data?

- 1 None
- 2 1-3 times
- 3 4-6 times
- 4 7-9 times
- 5 10-19 times
- 6 20+ times

#### **var9**

Thinking about data from the grant, have you made the data available for nonproject staff and researchers to use in any way?

- 1 Yes
- 2 No

#### **var12**

Have you made these data available for others to use for their own research purposes: through a personal web site?

- 1 Yes
- 2 No

#### **var13**

Have you made these data available for others to use for their own research purposes: through a departmental project or professional web site?

- 1 Yes
- 2 No

**var14**

Have you made these data available for others to use for their own research purposes: through a professional data archive?

- 1 Yes
- 2 No

**var14\_DYN**

[If var14=Yes] Please list the name of the professional data archive.

**var15**

Have you made these data available for others to use for their own research purposes: through an institutional repository?

- 1 Yes
- 2 No

**var15\_DYN**

[If var15=Yes] Please list the name of the institutional repository.

**var16**

Have you made these data available for others to use for their own research purposes: through a journal publishers web site?

- 1 Yes
- 2 No

**var16\_DYN**

[If var16=Yes] Please list the name of the journal publisher's web site.

**var17**

Have you made these data available for others to use for their own research purposes: informally upon request?

- 1 Yes
- 2 No

**var18**

Have you made these data available for others to use for their own research purposes: by any other means not listed?

- 1 Yes
- 2 No

**var18\_DYN**

[If var18=Yes] Please describe how you have made the data available for others to use for their own research purposes by any other means not listed.

**var21**

Have any of the following types of people accessed data from the research project? Co-Investigators from the research project supported by this grant

### **Variable Description and Frequencies**

**Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.**

**Summary statistics (minimum, maximum, mean, median, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.**
